

The answer lies in your mind power

The Quantum Focus iQube is designed to boost your mind power so you can get back to the business of learning and living your life to its fullest potential.

“For the past week, I have been using the Focus iQube while studying for the GMAT (Graduate Management Admissions Test).

I took 5 practice tests over the course of 6 weeks prior to using the Focus iQube. My scores on these 5 tests were: 530, 500, 590, and 550.

I was beginning to think I was not smart enough to be admitted to a top-tier business school. I then added the Focus iQube to my study regimen. I took two more practice tests and received a 670 and a 650, with 640 being my score on the real exam.

The addition of the Focus iQube to my study program improved my focus and allowed me to study for longer hours. Additionally, my desire to take breaks decreased and I felt as if the quality of my study sessions increased.”

The Tesla coils-iQube system is designed to create a powerful, blissful, zero-point energy field that effortlessly raises your vibration and improves the resonance of your environment.

Inspired by the masterful Nikola Tesla, this Quantum Tesla iQube technology has been researched, developed, and created to clearly define Quantum Physics and Scalar Wave Energy. Ahead of his time, Tesla envisioned a world of love and free energy based on scalar wave technology that did not damage the human energy field or the quantum brain.

Nikola Tesla’s ideas in 1899 are now transforming the world with his brilliant inventions. This Quantum Tesla iQube really is the choiceless choice if you want to raise the vibration in your environment.
